## AIR TOOLS

### 1" Air Impact Wrench

- 6" long shaft design, especially suitable for bolt tightening operations in pipe pile factories.
- The structure of the pinless percussion cylinder, with large torque and longer service life.
- Plastic steel handle, not easy to break.
- The forward and reverse three gears reverse and adjust the speed to meet different torque requirements.
- Ultra-light weight, ultra-large torque.
- 15° inclined joints, the air pipe will not get in the way.
- Bird-shaped trigger for more comfortable control (inner trigger is also available).
